Meet Robie House

The real one

Your mini

The Robie House is a real home in Chicago, USA.

Frank Lloyd Wright made it long and low, with roofs that reach far out like wings, to match the flat land around it.

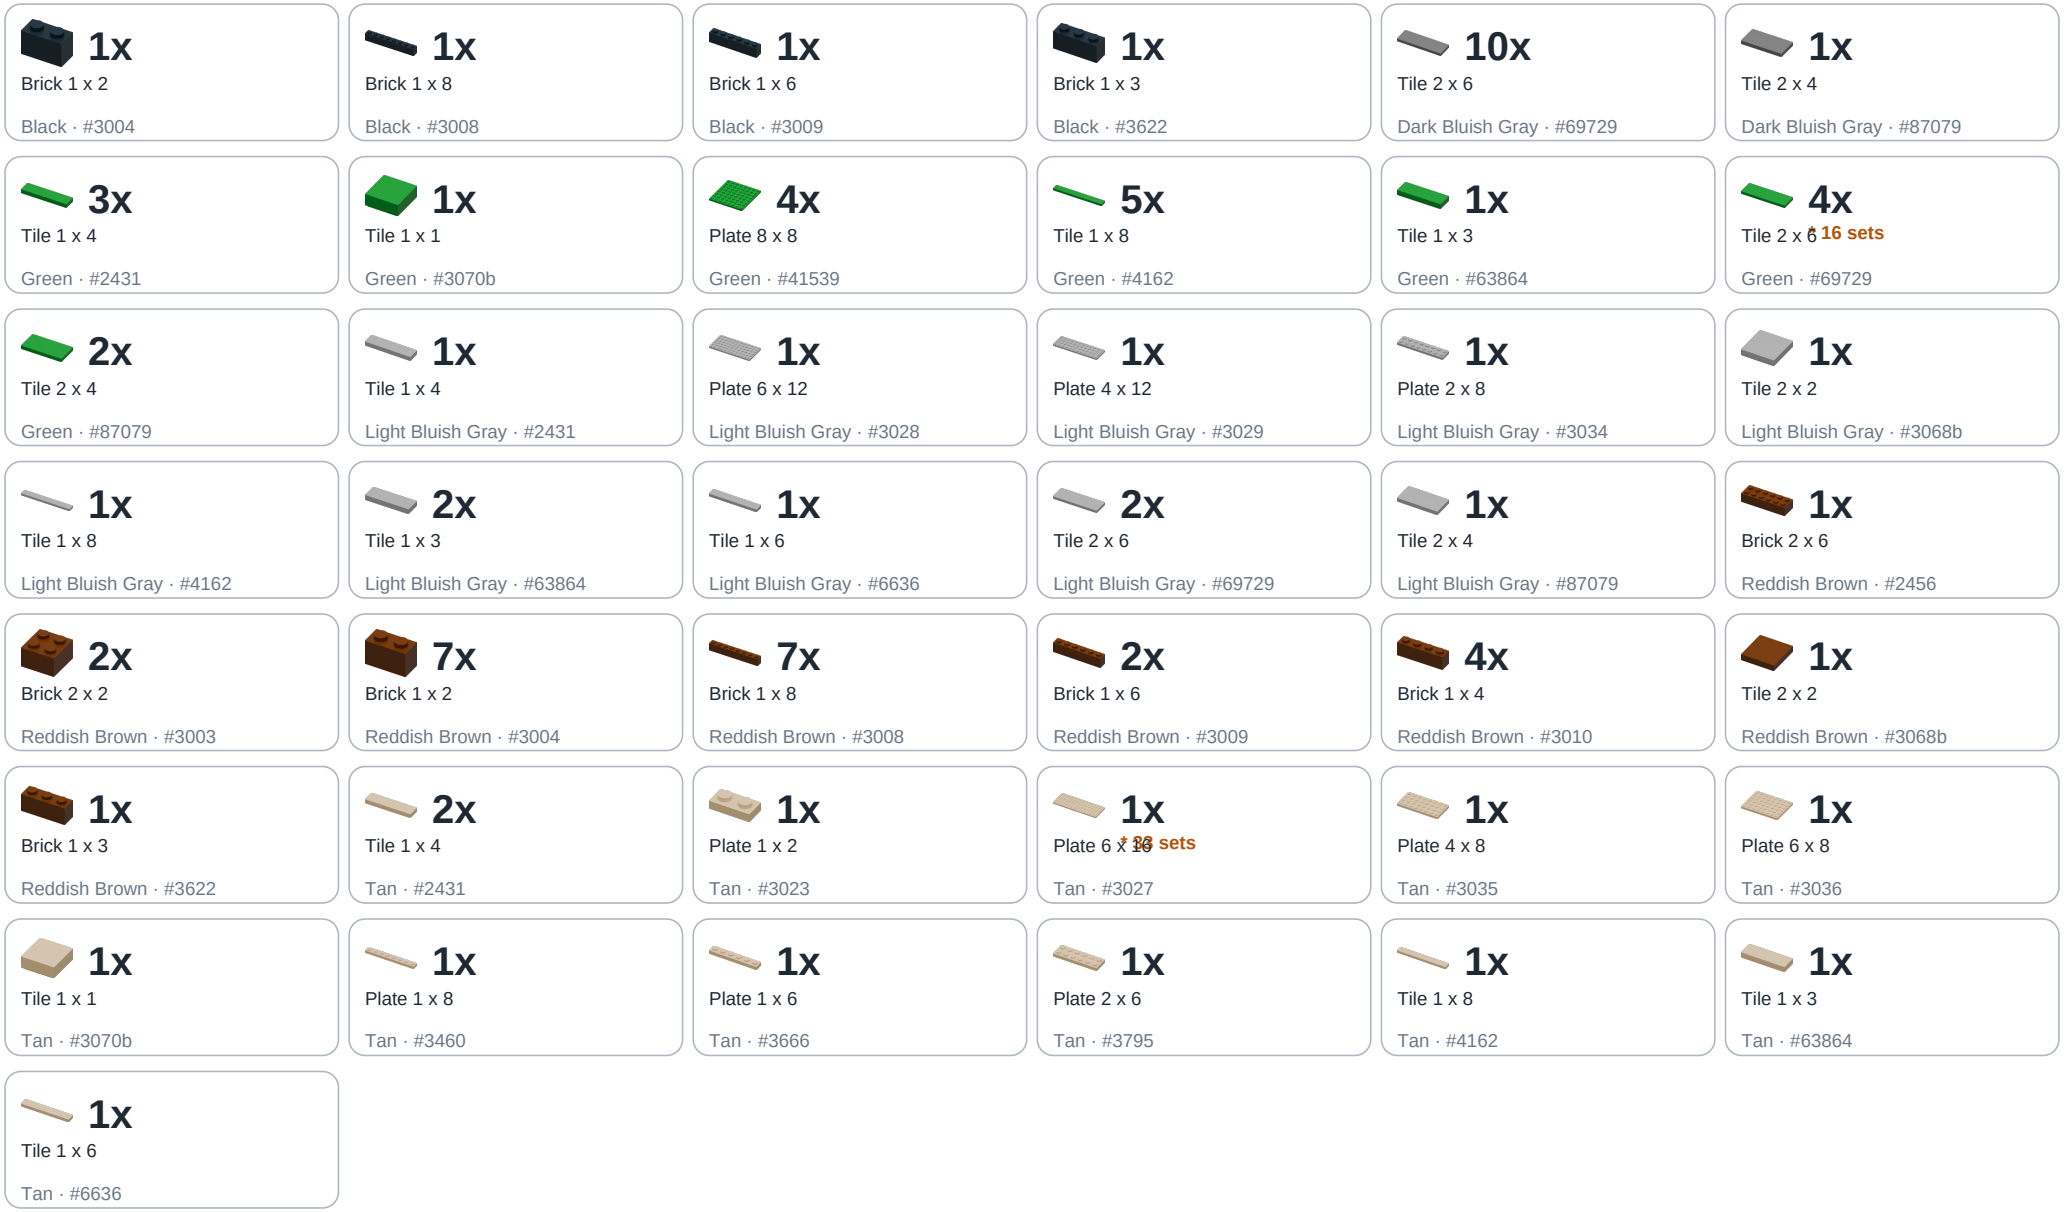

Look how flat and stretched it is. Can you make your roof reach out too?

What you need

85 pieces. Sort them by colour and tick them off before you start.

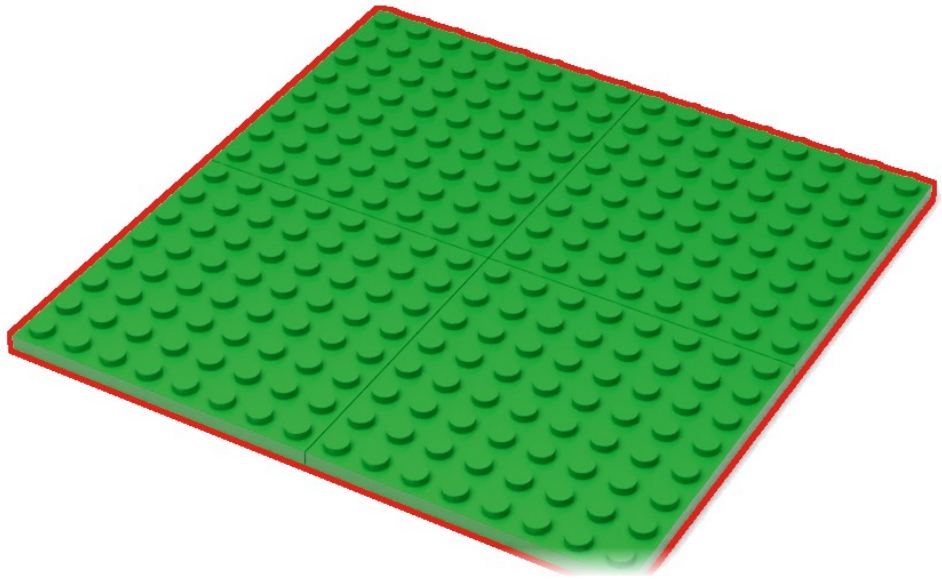

* Rare part: look on BrickLink, or use tiles of the same size.
